**ORDER FOR SUPPLEMENT TO PLAINTIFFS' MOTION FOR
RECONSIDERATION [2404]**

Before the Court is Plaintiffs' motion for reconsideration of the Court's March 8, 2023 ruling regarding Dr. Aaron Specht's MATLAB code. (ECF No. 2404.) Before the Court can address the merits of Plaintiffs' motion, it needs further information from Dr. Specht. In particular, the Court now requires Dr. Specht to inform the Court and the parties regarding whether he can calculate the bone-lead levels and margins of error for the ten Bellwether III plaintiffs "long hand." In other words, the Court would like to know whether Dr. Specht can provide the Court and the parties with those calculations without using his proprietary MATLAB code. Assuming this calculation is possible to

conduct, the Court would like to know how much time Dr. Specht would need to complete the calculations in this manner and whether Plaintiffs will agree to use these numbers in lieu of those calculated with the MALAB code.

Plaintiffs must file a supplemental declaration from Dr. Specht containing an answer to the Court's inquiry no later than 5:00 pm on Monday March 27, 2023.

IT IS SO ORDERED.
